In most cases your insurance company will only cover up to 80% of your bill; the balance - which can exceed \$800.00 is then billed to you, the patient. By participating in our subscription program, we will waive unpaid balances for medically necessary emergency transportation services, after your health insurance company processes our bill. *Please keep in mind that this does not apply to insurance deductibles and or co-pays as per your medical insurance agreement. Non-insured individuals would also obtain a significant discount.* Please refer to our website for details at <http://www.ubrems.org/subscribefaq.html>
